

SHIKHA BHASIN is an Associate Fellow at the Council on Energy, Environment and Water. A researcher on climate change mitigation policies with a keen interest in innovation systems of low-carbon technologies, Shikha currently also serves as a researcher at the University of Nijmegen, the Netherlands, as well as an advisory board member of the Climate Technology Centre in Denmark, instituted by the UNFCCC.

After graduating from Delhi University and the London School of Economics and Politics, Shikha worked on international technology cooperation projects for climate change mitigation with the German Development Institute (Bonn), and at the Energy Research Centre of the Netherlands (Amsterdam).

She enjoys travelling, reading, baking and eating in equal measure.
